The National Ski Academy is a Ministry of Education inspected independent school that offers a rigorous university-preparatory academic program, coupled with a high-performance U16 and FIS ski program, all under one roof. We offer strength and conditioning training in our spacious on-site gym, a brand-new dedicated tuning facility, sessions on skier IQ, delicious and nutritious meals, the option to be a day student or to board in our student residence, significant postsecondary planning/support, scheduling/transportation logistics, and much more.

Join us at our heritage home, Tornaveen, to discover how the NSA helps student athletes to flourish and become Racer Ready For Life.
